Quest or Tournament?

Not sure which experience your kid will love most?
Here's what they are about:

Tournament

Kids split into teams or play solo in a **friendly competition packed with energy and excitement**. A **professional host** hypes up the players, tracks scores and timing, and keeps the rules in check. **Perfect even for beginners** — we adjust every challenge to match the guests' level, so everyone can join in and have fun! With our **custom gaming platform, leaderboard, and live score updates**, it feels just like a real esports event.

Quest

An **interactive group adventure** filled with puzzles, missions, and challenges that spark teamwork and creativity. Players **move between stations, solving tasks and earning points** on their Challenge Sheet as they progress. It **perfectly complements the gaming experience**, adding movement, teamwork, and real-world interaction to the celebration.

Want to have both? Choose a Tournament as part of your Pro or Epic Pack and add a Quest for just +300 AED.
